

Beachcroft AP Academy celebrates student achievements

Students at Beachcroft in the London borough of Westminster are celebrating today following receiving their GCSE results, enabling them to embark on the next chapter of their education.

Staff and students joined together to celebrate the many achievements, at the end of what has been another unusual year in light of COVID-19 and the cancellation of examinations.

Despite this, the academy has seen continued success with some of the standout individual achievements including:

- Joshua Aldridge secured eight qualifications at level 2, including grade 5s in English and Maths, and a grade 6 in History. He is going to sixth form to study History and Politics at A level.
- Khaled Saleh, secured nine qualifications with grade 5 in English and Maths. He is going to King Solomon Sixth Form to study level 3 courses. Khaled will also continue to work with Pan Intercultural Arts and their young person's drama acting group.
- Ayman Hilali leaves us with eight level 2 qualifications with a standout performance in English. He will go on to study level 3 courses and is currently undecided on his chosen college.

Wasim Butt, Principal at Beachcroft Academy, said:

“Congratulations to our Year 11 students whose hard work over the last two years has seen them achieve their well-deserved GCSE results. At a time of such unprecedented challenges, this remarkable year-group has shown great character, resilience and resolve to achieve this level of academic performance.”
